YOU MAY CONTINUE THIS LISTING ON A MULTI-ACCOUNT FORM AVAILABLE ON CCAD WEBSITE WWW.COOKECAD.ORG OR AT THE APPRAISAL DISTRICT OFFICE.

After you file this application your chief appraiser may require additional information from you before qualifying your land. The additional information may only relate to your current and past agricultural use or to the level at which you use your land for agriculture. You must notify the chief appraiser in writing if you stop using your property for agriculture (e.g. you voluntarily decide to stop farming), change the category of your use (e.g. you change from dry cropland to irrigated cropland); change the level of your use (e.g. you substantially increase or decrease the number of cattle you raise); change the nature of your use (e.g. you switch from growing corn to growing ornamental plants); enter, leave, or change governmental programs (e.g. you put 100 acres in CPR); or if you begin using your land for something other than agriculture (e.g. you build a shopping center on most of your land). **You must deliver this notice no later than April 30th following the change in use or eligibility.** If your land receives agricultural appraisal and you fail to notify the chief appraiser of a change in agricultural use you may be required to pay a penalty. You will be required to pay a substantial additional tax plus interest (a rollback tax) if you stop using all or part of the property for agriculture. This amount is equal to the amount of taxes saved plus interest.

A. Describe the current and past agricultural uses of this property as described above, starting with the current year and working back 5 years or until you have shown 5 out of 7 years of agricultural use.

Please answer the following questions fully. You may divide the total acreage according to individual uses to which the land is principally devoted.

Once The Wildlife Management Is Approved The Process Is As Follows:

Annual Update And Application

1. Once the Wildlife Management is approved the process is as follows:
2. Wildlife manager is required to file an annual update.
3. The update is a narrative description of the wildlife management performed the previous year.
4. The annual update acts as a yearly application for the special valuation.
5. The annual update must include some type of census data. As the manager/owner you should have some knowledge of the census.
6. The annual update is required to be filed with the appraisal district before March 1st each year.
7. If the annual update is not turned in by March 1st the special valuation is removed. A certified letter will be mailed to you notifying you of the removal. You must re-apply again, the deadline is April 30th.
8. If the application & annual update are received after the April 30th deadline but before the certification of the appraisal roll, the application can be approved but will have a 10% penalty applied. The penalty is calculated based on the amount of taxes saved. CCAD suggest you have the application here by July 15th since the certification date can change.
9. If you failed to apply before the appraisal roll is certified you will not be able to receive the special valuation for that year.
