Deferred Property Tax Payments

EXEMPTIONS

Filing any application(s) for an exemption is free of charge.

Taxes are DEFERRED — NOT CANCELLED

Texans may postpone paying current and delinquent property taxes on their homes by signing a tax deferral affidavit at the Cooke County Appraisal District if they are:

- Age 65 or older;
- Disabled as defined by law.
- Qualified disabled veterans, their unmarried surviving spouse, or their unmarried children under the age of 18, if there is no surviving spouse; or
- Unmarried surviving spouses of U.S. armed service members killed on active duty and their unmarried children under the age of 18.

Deferred taxes accumulate **5 percent interest per year.**

A filed tax deferral affidavit keeps eligible homeowners from losing their homesteads due to delinquent property tax. Any pending sale to foreclose on the homestead's tax lien will also cease as a result of filing. In addition, no taxing unit can start or continue a lawsuit to collect delinquent taxes once an affidavit is filed.

The law extends the tax deferral to the surviving spouse. The surviving spouse must have been at least 55 years old at the time of the applicant death.

All deferred taxes and interest **become due** when the homeowner or surviving spouse no longer owns and/or live in the home.

If the tax debt remains unpaid at that time, penalties may be imposed and taxing units may take legal action to collect the past due amount.

Payment Agreements

Must be filed and accepted by CCAD

Available on delinquent taxes, limitations apply.

Quarter Payments

Must be filed and accepted by CCAD

Four equal installments Paid: January 31st, March 31st, May 31st, and July 31st. **Any missed payments will accrue penalties and interest.** Available on a residential homestead property; if the property owner (1) occupies the home as their primary residence AND (2) qualifies for an Over 65, social security disability, or veterans' disability exemption.

SPECIAL VALUATION (AG USE)

Texas Farmers and Ranchers may be granted property tax relief on land used for agricultural productivity.

Deadline for Special Valuation: April 30th.

Agricultural Appraisal

The Texas Constitution authorizes agricultural productivity appraisal, 1-d-1 for property owners. The property must be used for agriculture or timber (at this time Cooke

County has no qualified timber use), meet the degree of intensity generally accepted in the area, and has been used as such for at least five of the preceding seven years

Rollback tax will be imposed if qualified land is taken out of agriculture use and placed in non-agricultural use. Rollback taxes under 1-d-1 are based on the (3) three preceding appraisal years prior to the change to non-agricultural use. Calculations are found by using the difference between taxes paid under productivity appraisal and the taxes that would have been paid if the land had been on the tax roll at market value.

Wildlife Management

Annual Update Required

May receive special appraisal, however the land must have qualified for agriculture use in the preceding year. Land under wildlife management must also meet acreage size requirements and special use qualification.
